TASTING NOTES

Color: light pink

Aromas: strong aroma of red fruit involved by floral notes

On the palate: is fresh, with a great volume and elegance. It makes us wanting more thanks to the lingering finish.

WINEMAKING DETAILS

The year of 2020 was considered an year dry. The rain that felt in the spring brought a lot of diseases to the vines, therefore, the winegrowers had more work and care in the treatment of the vineyards. Despite these problems, the quality and quantity of grapes was very good, with great level of sugar, acidity and aromas.

We hand picked these grapes in the beginning of September. Grapes were gently crushed and fermented in stainless steel tank between 15°C – 18°C. After fermentation, we aged it for 4 months on fine lees with batonnage.

Drink between **8 and 10°C**

Winemaker: Teresa Batista
